PUBLIC COMMENT PERIOD:

November 18, 2011 to December 9, 2011

TYPE OF RESPONSE:

Federal Consistency Determination

DEQ is reviewing a federal action to determine if it is consistent with the Virginia Coastal Zone Management Program (VCP) established pursuant to the U.S. Coastal Zone Management Act. The VCP seeks to protect the quality of air, water or other natural resources in Virginia's coastal area.

NAME OF AGENCY PROPOSING THE PROJECT:

Department of the Army, Fort Belvoir

PROJECT DESCRIPTION:

Fort Belvoir is proposing to build a fire station across the street from the existing one in the South Post Area of Fort Belvoir Main Post. The station also will be used as the Emergency Operations Center. The station will be a one-story building with approximately 14,900 square feet. The project site was previously developed. Several small buildings and a paved area occupy the space. Approximately 20,500 square feet of land will be disturbed. According to the Federal Consistency Determination, the project would be consistent with the enforceable policies of the Virginia Coastal Zone Management Program.
